

USA/SOFTBALL MISSOURI

Slow Pitch IMPACT Award Nomination

The Slow Pitch IMPACT Award was instigated in 2016 in order to recognize slow pitch participants who have had a significant impact on the slow pitch game. This impact may be as a manager or player with an involvement of many years. This award is not intended to go to a "best player" as the USA Softball Missouri Hall of Fame is for that. The IMPACT award is for individuals who truly had a positive impact in ASA/USA Softball, even at only the local and/or state levels. IMPACT nominees may or may not have been involved at the regional or national levels. **Nominations are due by September 15** each year and the awards will be presented at the annual Awards Banquet in February of the following year. Return this form with support materials to 524 Home Drive, St. James, MO 65559. This award is available only to residents of out-state Missouri and not for the Metro USA areas of St. Louis or Kansas City.
